EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: the numeral to indicate claim 7 is improperly placed. Claim 7 now reads as follows:

--7. A blast cleaning apparatus for use with sublimable media, a source of pressurized gas, and a nozzle, said blast cleaning apparatus comprising:

~~7.~~ an air lock assembly comprised of a passage to receive pressurized gas at one end and to discharge it mixed with sublimable particles at the opposite end and a second passage intersecting the first that has an endless conveyor passing through it with a means to restrict the leakage of gas past the points where said endless conveyor enters and exits said second passage,

said endless conveyor has a plurality of attached conveyor members passing over a driven sprocket and one or more idler sprockets that passes through a supply of sublimable particles conveying said sublimable particles into said air lock assembly.--

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or fairly teach the claimed invention. For example, Hansen, 1,591,378 teaches using an endless conveyor to inject abrasive grit (sand) into a pressurized stream of gas, but the grit and pressurized gas are not passed through an

air lock, and the particles are not sublimable. Anderson et al, 6,346,035 discloses using a screw conveyor, but does not disclose the use of an air lock.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to M Rachuba whose telephone number is 703-308-1361. The examiner can normally be reached on Monday-Thursday from 8:30 AM to 3:30 PM.
